Dear Mountain Side Condominium Owners,

The installation of Wi-Fi for all units is being considered by the Board. As noted in the 11/10/12 Board meting minutes, this can be done through Comcast at a bulk discount rate of $25 per unit per month. This is a substantial savings over the individual rate of about $56 per month when owner's contract on their own.

In order to obtain the discounted rate, 100% participation is required. If a majority of owners would like to proceed with installation of Wi-Fi in all units, all owners would pay an additional $25 per unit per month in dues to cover the cost.

The Board does not want to pursue this matter without soliciting owner input. It is understood that some owners may not be interested in Wi-Fi and some may be locked into an existing contract with a company other than Comcast. Mountain Managers has been directed to send out a ballot with the minutes asking owners to vote either for or against the installation of Wi-Fi. Please take a few minutes to complete the ballot printed below and return it as soon as possible but not later than February 1, 2013. Ballots should be returned via fax to 970-668-5616, by e-mail to judy@mountainmanagers.com, or mailed to Mountain Managers, P.O. Box 647, Frisco, CO 80443.

Thank you!

MOUNTAIN MANAGERS (for the Mountain Side Condominium Board)

(Please return no later than 2/1/13 as directed above)

MOUNTAIN SIDE WI-FI BALLOT

Name (please print) _____ Unit# _____

_____ I am in favor of having Wi-Fi installed in all units. I understand this will mean an increase in dues of $25 per unit/per month.

_____ I am not in favor of having Wi-Fi installed in all condominium units.
